STEP 2: BLENDING (Blend the product into your hair)

When blending make sure you are evenly spreading the product throughout your hair. Blend the product from roots to your ends using your fingertips; silk scarf or a towel - up to you!

TIP: Because the product maybe visible on your hair, **BLEND! BLEND! BLEND!**

Suggestions:

- If you have dreadlocks / braids it is best to use a towel to blend / massage each strand (use a gentle squeezing and wiping motion for best results).
- If you have cornrows, it is best to use a tapping pressured motion for best results.

STEP 3: STYLING - Now that your hair is cleaner and smells amazing it's time to style!

Style as desired

TOOLS TO USE:

- Can use any styling tool of choice (including heated tools)

PRODUCTS TO USE:

- **XXL Volume Spray** - For Instant Volume
- **Strength & Shine** - For Sleek and Shiny Strands
